Summary

IT Engineer with 8+ years of NOC and infrastructure support experience across enterprise and multi-client environments. Skilled in proactive maintenance and monitoring, backup and disaster recovery, endpoint and software upgrade management, and structured ticket-based incident resolution against SLA targets. Experienced designing backup and DR solutions, automating routine maintenance with PowerShell, and maintaining documentation and knowledge base systems that improve operational efficiency and reduce ticket volume. CCNA, CompTIA A+, and MS-900 certified, with a track record of following documentation closely while contributing process improvements.

Experience

SENIOR IT SUPPORT ENGINEER | Technopeak | Abu Dhabi, UAE January 2026 – July 2026

- Owned 15–20 concurrent ServiceNow tickets end-to-end from triage through resolution across ticket types and priority levels, consistently meeting SLA targets while minimizing business downtime.
- Administered Active Directory, Group Policy, Microsoft Intune, and endpoint environments, managing user accounts, access permissions, device deployments and software configurations while providing remote and onsite support to reduce resolution times.
- Managed Microsoft 365 services (Exchange Online, Teams, SharePoint, Intune) and developed PowerShell automation scripts for user provisioning, reporting, and administrative tasks, improving operational efficiency, accuracy, and IT service delivery.

NETWORK OPERATIONS CENTER ENGINEER | Technoglobal Team Inc. | Manila, PH April 2024 – December 2025

- Provided Level 2 support for desktop, laptop, server, and network issues within a ticket-based environment, administering Active Directory, Group Policy, Microsoft 365, and Windows systems while resolving incidents within SLA targets.
- Managed user provisioning, endpoint deployments, software installations, and system maintenance; administered backups and resolved hardware, software, VPN, printer, and network connectivity issues organization-wide.
- Automated routine IT tasks using PowerShell, maintained technical documentation and knowledge base articles, and supported infrastructure upgrades, office IT setups, and business continuity initiatives to improve operational efficiency.

NETWORK OPERATIONS CENTER ENGINEER | Huawei Technologies Philippines | Manila, Philippines October 2018 – April 2024

- Operated and maintained carrier-grade network infrastructure across BGP, OSPF, MPLS, and IPRAN environments using Huawei iMaster NCE, performing scheduled topology changes and software upgrades while authoring Method of Procedure (MOP) documentation for each change to support structured, audit-ready change management.
- Designed and implemented a cloud-based backup and disaster recovery solution across two sites, managing servers, storage, and recovery testing, reducing RTO by 70% (4 hours to 45 minutes) while ensuring 100% data integrity.
- Built and maintained a ticketing and knowledge base system, delivering bi-weekly user training that reduced ticket volume by 40% and saved 15+ hours per week for proactive infrastructure improvements.
- Delivered 1st/2nd line desktop and endpoint support across a portfolio of clients, administering Active Directory, Group Policy, and Microsoft 365 while leading office IT setups, reducing downtime by 25% and maintaining 98% application uptime.

SKILLS

Networking & NOC Infrastructure: BGP, OSPF, MPLS, IPRAN, Huawei iMaster NCE, Backup & Disaster Recovery, Network Monitoring & Maintenance, Change Management (MOP Documentation)

Ticketing & ITSM: ServiceNow, Jira, OTRS; SLA Management, Ticket Board & Queue Management, Incident Ownership, Change Management

Active Directory & Windows Infrastructure: Active Directory, Group Policy (GPO), Windows Server, DNS, DHCP, TCP/IP, VLANs

Scripting & Endpoint Management: PowerShell, Microsoft Intune, Endpoint Configuration Manager, Remote Desktop, Desktop & Laptop Support

Microsoft 365: Exchange Online, Teams, SharePoint, Intune, Azure AD, OneDrive, MS 365 Admin Centre

Certifications

CCNA Routing and Switching (Cisco Certified Network Associate)	2019
CompTIA A+	2026
Microsoft 365 Fundamentals (MS-900)	2026
AZ-104: Microsoft Certified Azure Administrator Associate	in Progress

Education

STI College

Bachelor of Science in Information Technology

2013 – 2017
